Two extraordinary voices hosting new kind of political conversation

CONCERT AND CONVERSATION

HEALING THE HEART OF DEMOCRACY

A Gathering of Spirits for the Common Good

THE DAY-LONG RETREAT

A CIRCLE OF TRUST

Based on *Healing The Heart of Democracy*

Parker J. Palmer and Carrie Newcomer have joined together to create an evening concert and day-long retreat experience. Both events are designed to stimulate a new kind of political conversation and offer people an opportunity to participate in it.

In a time when it is easy to feel overwhelmed or discouraged, this is an experience of hope and reason presented honestly, intelligently and with good humor.
